SHARE THIS HEART-HEALTHY DIP WITH YOUR VALENTINE!

SPINACH AND CANNELLINI BEAN DIP

Popeye knew firsthand the value of eating spinach. Hands down, spinach is the powerhouse of the vegetable kingdom. Its rich, dark color comes from the multiple phytochemicals, vitamins, and minerals (especially folate and iron) that also fight disease, protect against heart disease, and preserve your eyesight.

Ingredients

- 2 cloves garlic, minced
- 2 (6-ounce) bags baby spinach
- 1 (15-ounce) can cannellini beans, drained and rinsed
- 1 tablespoon fresh lemon juice
- 1 tablespoon balsamic vinegar
- 1 teaspoon kosher salt
- 1/4 teaspoon freshly ground black pepper

Directions

In a large nonstick skillet, heat 1 tablespoon of the oil, over medium heat. Add the garlic and cook until fragrant, about 1 minute. Add 1/2 of the spinach and cook for 2 minutes until wilted. Repeat with the remaining spinach. Let the mixture cool for a few minutes.

Place the remaining olive oil, spinach mixture, cannellini beans, lemon juice, balsamic vinegar, salt, and pepper in the bowl of a food processor.

Blend until the mixture is smooth. Transfer to a small serving bowl. Serve with endive spears, crostini or pita chips.

TENNIS NEWS

I hope everyone had a great New Year here at OVAC. I also hoped everyone stayed dry through most of January! It was an interested month here on the courts as rain hit us for consecutive days and put a delay on some tennis. Our interclub ladies are getting back in the swing of things. We are having some great matches at the club on Wednesday mornings. We also are getting our USTA Leagues going again. Right now we have a fun Mixed doubles team going at the club. We will be having many different USTA Leagues going on for the Spring Season. If you are interested in joining one of our many teams this Spring please contact via email. Have a great February!

See Ya on the Courts!

DEDICATED TO THE HEART

Special Event Workshop

In honor of

Valentine's Day

Friday February 12th, 4-5:30pm

Join Sherry Sidoti from FLY Yoga in this 90 minute Yoga Workshop. Together we will explore opening into compassion, towards ourselves, others and the divine web that keeps us all connected. We will safely explore a back bending/heart opening sequence, as well as practice breath work and meditation techniques that guide us back home to our hearts- where we will have fun, get creative and PLAY.

Some partner work will be explored so if you have a friend or a honey to bring, please do! If not, allow us to supply the partner!

Make it a date night! Bring your sweetheart! Child care available by reservation! After class enjoy a glass of wine from our Overhead Café and a hot tub!

(Contact Child Care for information.)

Who says play-dates are just for kids?

Free to members

YOGA NEWS FEATURING ROBERT EVANS...

OVAC's very own Robert Evans has just returned from the Maya Tulum resort in Mexico where he taught his Dancing Warrior Yoga to other instructors. His combination of a flowing strength with strength were a huge hit! Robert credits his inspiration for strength as coming from his teacher John Friend (the founder of Anusara Yoga), his compassion from Saul David Ray, and his "let-it-rip" style from Sadie Nardine (the founder of Fierce Yoga). Lucky for you, you don't have to travel all the way to Mexico for this special experience. Just drop into Robert's Tuesday or Thursday 8:35am Yoga classes here at OVAC to experience the same fun and hard work. But, Yoga is only one of Robert's many passions and talents. You will find Robert at OVAC most days either leading the weekly Hike class, teaching Spin classes, teaching Qi Gong, teaching water aerobics and educating members through personal training. We encourage you to contact Robert at (805)798-2810 to learn more about how he can benefit you one-on-one or in a small group setting with his diverse knowledge and skill set. Or simply stop by one of his many classes – we know you'll love him as much as we do!

SPIN PLUS!

Join Robert Evans Friday's at 3:30pm beginning February 12th for a wonderful new small group experience. Robert will begin with ½ hour of Spinning and then follow it up at 4:00pm with ½ hour of his own special brand of personal training combining strength, yoga, Qi gong and flexibility work in our new Functional Training fitness center. \$20 for the entire hour (or select just one of the ½ hour segments for \$10). Minimum commitment of 5 weeks. The personal training section will be limited to 6-10 people so contact Robert today at (805) 798-2810 to reserve your spot.

I wanted to share with you this month the following wonderful article entitled “Only One Body” by Mike Boyle of functionalstrengthcoach.com. I’m hoping it will get you thinking and motivated to take advantage of the incredible opportunities our facilities, personal trainers, group fitness instructors, swim coaches, and tennis pro’s offer. If you are not sure where to begin, please contact me at (818)219-4835.

ONLY ONE BODY

Imagine you are sixteen years old and your parents give you your first car. They also give you simple instructions. There is one small hitch, you only get one car, you can never get another. Never. No trade-ins, no trade-ups. Nothing.

Ask yourself how would you maintain that car? My guess is you would be meticulous. Frequent oil changes, proper fuel, etc. Now imagine if your parents also told you that none of the replacement parts for this car would ever work as well as the original parts. Not only that, the replacement parts would be expensive to install and cause you to have decreased use of your car for the rest of the cars useful life? In other words, the car would continue to run but, not at the same speed and with the efficiency you were used to.

Wow, now would we ever put a lot of time and effort into maintenance if that were the case.

After reading the above example ask yourself another question. Why is the human body different? Why do we act as if we don’t care about the one body we were given. Same deal. You only get one body. No returns or trade-ins. Sure, we can replace parts but boy it’s a lot of work and it hurts. Besides, the stuff they put in never works as well as the original “factory” parts. The replacement knee or hip doesn’t give you the same feel and performance as the original part.

Think about it. One body. You determine the mileage? You set the maintenance plan? No refunds, no warranties, no do-overs?

How about this perspective? One of my clients is a very successful businessman. He often is asked to speak to various groups. One thing he tells every group is that you are going to spend time and money on your health. The truth is the process can be a proactive one or a reactive one. Money spent on your health can take the form of a personal trainer, massage therapist and a gym membership, or it can be money spent on cardiologists, anesthesiologist, and plastic surgeons. Either way, you will spend money.

Same goes for time. You can go to the gym, or to the doctors office. It’s up to you. Either way, you will spend time. Some people say things like “I hate to work out”. Try sitting in the emergency room for a few hours and then get back to me. Working out may not seem so bad. However, in so many ways the body is better than a car.

With some good hard work you can turn back the odometer on the body. I wrote an article a while back (Strength Training-The Fountain of Youth) that discussed a study done by McMaster University which showed that muscle issue of older subjects actually changed at the cellular level and looked more like the younger subjects after strength training.

Do me a favor, spend some time on preventative maintenance, it beats the heck out of the alternative. Just remember, you will spend both time and money.

SWEETHEARTS + VALENTINE'S DAY X OVAC = FEBRUARY'S MEMBER'S OF THE MONTH!

Does exercise and a healthy lifestyle make for a better *love* life? If you have met Kathy and Allyn Wilde you would answer *YES!*

Kathy has a marriage and family therapy practice in Ojai and works with Camarillo Hospice for children who have lost a parent. Allyn has worked in the medical surgery equipment business for 25 years and develops custom procedure trays for operating rooms.

Between them they have four grown children. Spending social/family time with them is a *joy*.

Kathy and Allyn have been in *wedded bliss* for 15 years. Both have lived in Ojai for about 30 years and have been members of Ojai Valley Athletic Club for most of those years. Kathy *loves* the classes offered here at the club. She is *sweet* on mixing up her routine between On the Ball, Yoga, Zumba and Spinning as well as working out in the weight room. Allyn's *passion* is Spinning classes and training with weights.

Q. What keeps them *true* to OVAC?

A. "The beautiful environment, the people and the exceptional instructors"

Kathy and Allyn are choosing their lifestyle. Their *passion* for a healthy lifestyle focuses on balance. Kathy credits much of her belief in finding balance in her life to an article from a previous OVAC newsletter by General Manager, Nancy Prather, advocating the value of exercise for well being and stress management. This advice made a difference for Kathy when she decided to go back to school and change careers to become a marriage and family therapist. Both Kathy and Allyn also help care for their parents. This pair of *lovebirds* satisfies their craving for balance with the time they spend cycling, exploring the high Sierras and traveling to their favorite *romantic* destination, Europe.

When I asked Allyn if he and Kathy would be our member's of the month for February he asked why.

I said, "In honor of Valentine's day. You are still *sweethearts* aren't you?"

He *blushingly* replied, "We are! We're very much *in love*." (Ahh!)

Happy Valentine's Day and a *gushing* thank you to Kathy and Allyn for *sharing the love* of a healthy lifestyle!
